

SIG/CR Classification Research Workshop

ASIST 2013

November 2, 2013

Draft Program

8:30-9:00	INTRODUCTION
9:00-10:00	<p>Rick Szostak, University of Alberta Classification, Ontology and the Semantic Web</p> <p>Shuheng Wu, Besiki Stvilia, Florida State University Exploring Development and Maintenance Practices in Gene Ontology</p>
10:00-10:30	BREAK
10:30-12:00	<p>Tatiana Lukoianova, Victoria Rubin, Western University Is Big Data Objective or Truthful?</p> <p>Rebecca Green, OCLC The Interplay of Big Data, WorldCat and Dewey</p> <p>R. P. Smiraglia, University of Wisconsin, Milwaukee Big Classification: Using the Empirical Power of Classification Interaction</p>
12:00-1:00	LUNCH AND POSTER SESSIONS
1:00-2:30	<p>Kwan Yi, Eastern Kentucky University, A Semantic Similarity Approach for Linking Tweet Messages to Library of Congress Subject Headings using Linked Resources: A Pilot Study</p> <p>Jane Greenberg, University of North Carolina, Chapel Hill Metadata Capital via a Linked Data HIVE</p> <p>Patrick Keilty and Perikles Andritsos, University of Toronto Level-Wise Exploration of Linked and Big Data Guided by Subject Classification</p>
2:30-3:00	BREAK
3:00-4:30	<p>Inkyung Choi and Hur-Li Lee, University of Wisconsin, Milwaukee Toward Social Contextualization of Big Data and Linked Data</p>

	Ali Shiri, University of Alberta Linked Data Meets Big Data: A Knowledge Organization Systems Perspective Lynne C. Howarth, University of Toronto Warrant as Theoretical Vocabulary for Reconciling Big Data and Linked Data
4:30-500	LIGHTNING SESSION

Grant Campbell, Program Chair

Location:

Le Centre Sheraton
1201 Boulevard René-Lévesque
Montréal, Québec
H3B 2L7
